

# Group Ancient Civilization Project

You and your team are going to study one of the 6 Ancient Civilizations we read about in our books. Your job will be to act as historians and research 4 out of 7 facts about your assigned civilization. If you research more, you might just get lucky! You will create a poster to share your information. You will share this project with the entire class.

## Your final poster must have:

- A title.
- All of the group members names.
- At least 4 out of the 7 pieces of information listed below.
- At least 2-3 pictures.
- Captions under each picture.
- It must be neat and organized in an order that makes sense.

## When you share, you must:

- Each have an equal speaking part.
- Show your poster to the class.
- Ask for questions from the audience and answer them the best that you can.

## You must share 4 out of these 7 options:

- What continent is your civilization located on?
- What inventions did that civilization invent?
- What products did that civilization make?
- What kind of government did they have?
- Were there any famous places or structures in your civilization?
- How did the people live in your civilization? (Share 3 facts).
- 2 Interesting Facts
